Dear Parent or Carer,

As you will be aware high levels of attendance are a vital element in achieving the education and qualifications your child needs for a successful future.

English Martyrs RC Primary School is now working with Attendance 100 officers to ensure all our students realise that every day of their schooling counts.

Attendance 100 officers will assist families if attendance falls below 93% to ensure every child reaches the minimum expected target of 96%.

Attendance 100 officers' main priority will be to monitor attendance, however they are also there to assist and support you with any issues that may arise which could negatively affect your child's attendance at school.

If you do have any questions in future regarding attendance please contact Attendance 100 via the contact details above and they will be happy to assist you.

Yours faithfully

Mrs P. Cornell
